ACKNOWLEDGMENT OF DANGER AND ASSUMPTION OF RISK

By signing below, I acknowledge the following:

1. **GMS:** The Glacier Mountaineering Society (GMS), a nonprofit corporation, was established in 1981 in Flathead County, Montana.
2. **Coordinators:** GMS coordinators are volunteers, not professional guides.
3. **Outdoor Activities:** All GMS outdoor activities involve danger to a greater or lesser extent dependent upon such factors as weather, daylight, stability of terrain, the participant’s good health, preparation for the activity and decisions made while engaged in the activity. Accidents resulting in serious injury or death do occur during outdoor activities.
4. **Risks:** Risks inherent in a GMS activity cannot be fully eliminated without jeopardizing the essential qualities of the activity, nor can risks be fully known. GMS events may be exploratory in nature, entailing route-finding over unknown or unfamiliar terrain. I acknowledge that mountaineering, rock climbing, ice climbing, traversing snow fields, hiking, skiing, snowshoeing, mountain biking, and other related activities entail known and unanticipated risks that may result in physical or emotional trauma, injury, paralysis or death. I also acknowledge that serious injury during an activity could result from the negligence of another participant, or the GMS coordinator, in the same activity.
5. **Cost of Injury/Emergency Contact:** I represent that I have adequate insurance to cover any injury or damage I may suffer while participating in this activity and, if I do not, that I agree to bear the costs of such injury or damage myself. In case of accident, illness or other incapacity, I understand that I must pay my own medical and evacuation expenses, whether or not authorized by me. I authorize the contact of my Emergency Contact identified in my application in the event of an emergency.
6. **Assumption of Risks:** I intend to engage in GMS outdoor activities. I assume the risks described above. I accept sole responsibility for the decision to engage in these activities as well as all decisions made by me during them.
7. **Law:** As stated in the Montana Recreation Responsibility Act, §27-1-753, Montana Code Annotated:

“A person who participates in any sport or recreational opportunity assumes the inherent risks in that sport or recreational opportunity, whether those risks are known or unknown, and is legally responsible for all injury or death to the person and for all damage to the person’s property that result from the inherent risks in that sport or recreational opportunity.”

“By signing this document, you may be waiving your legal right to a jury trial to hold provider legally responsible for any injuries or damages resulting from risks inherent in the sport or recreational opportunity or for any injuries or damages you may suffer due to the provider’s ordinary negligence that are the result of the provider’s failure to exercise reasonable care.”

The laws of the State of Montana shall govern this Acknowledgment of Danger and Assumption of Risk. The venue for any litigation initiated by any GMS member, or representative of a member, against the GMS, its directors or activity coordinators, shall be the Eleventh Judicial District of the State of Montana. In any such litigation, the prevailing party shall be entitled to an award of attorney’s fees.

8. **Understanding:** I have read, understand and agree to the contents of this Acknowledgment of Danger and Assumption of Risk.
